With nearly two decades of experience, Jasjit brings to bear experience as a patent examiner, prosecutor, and a litigator to help clients navigate the challenges of procuring, licensing, and litigating patents. With the full breadth of his experience, Jasjit is one of a handful of attorneys that manages every aspect of client's intellectual property (IP) needs.

Jasjit has successfully handled over 60 patent litigation cases in US district courts, International Trade Commission, the Patent Trial and Appeal Board, and the US Court of Appeals for the Federal Circuit. In addition to litigation, Jasjit is trusted by clients to oversee development and management of global patent portfolio, and provide freedom to operate opinions. Jasjit has also led IP due diligence for technology acquisitions in excess of \$1.4 billion.

Client Work

- Represented a semiconductor company against a competitor in a multi-patent infringement action in the US District Court for the District of Delaware. The case also involved 16 *inter partes* review (IPRs) both offensive and defensive before the PTAB.
- Represented Viken Detection in three IPRs challenging the validity of three patents asserted by a competitor in District of Massachusetts. Successfully invalidated all three patents at the PTAB.
- Successfully defended a Swiss software and data protection company in a patent infringement suit brought by a non-practicing entity involving software activation technology in Eastern District of Texas.
- Represented a pharmaceutical corporation in the District of New Jersey against a foreign competitor involving patent infringement and breach of contract claims. Successfully obtained over \$1 million in attorney's fees for competitor's spoliation of evidence.
